

blank

Happy Un-Birthday!

Materials:

- Pencil/pen
- Fabric scraps
- Embroidery floss
- Scissors
- Embroidery needle
- Pin backs or safety pin
- Interfacing
- Felt

Print out the designs and transfer them to your fabric.. Use a window if you have nothing else. Embroider your designs on.. use any stitches you want.. applique scraps.

Use beads and sequins.. its yours!

When you are done cut a piece of iron-on interfacing to finished size and adhere the main

Cut your felt to fit the back sew on the safety pin or pin back

Buttonhole or whipstitch the pieces together

(I like to add a little interfacing where I sew on the pin)

And there you have it..

To make a book mark put a piece of ribbon or fancy thread through the front and back layer.

Use the blank to create your own designs!

I would love to see what you make so be sure to post a picture and leave a message!

This is for personal use only not for resale.
